

DEVELOPER JOB REQUIREMENTS

Are you passionate about technology and looking to kickstart your career in the tech industry? We are a dynamic and innovative health technology company looking for talented individuals to join our team as Junior Developers/IT Support Staff. This role is hybrid; partly remote and partly physical which may require traveling.

Responsibilities:

1. Assist in the development and maintenance of software applications.
2. Provide technical support to internal teams and clients.
3. Troubleshoot and resolve technical issues.
4. Assist in the implementation of IT infrastructure and related projects.
5. Stay up-to-date with the latest technologies and trends in the industry

Requirements:

1. Bachelor's degree in Computer Science, Information Technology, or related field
2. Strong problem-solving skills
3. Good understanding of development life cycle and system architectures.
4. Good understanding of programming languages (e.g., C#, [ASP.NET](#), Javascript)
5. Good understanding of databases (e.g. Querying databases, SQL Scripting, Microsoft SQL Server Management)
6. Knowledge of IT systems and networks
7. Understanding of application workflows.
8. Excellent team and communication skills.
9. Ability to travel to any state within Nigeria when necessary.
10. Excellent customer support skills.

If you meet these requirements, please send your updated CV/Resume to instanthealthng@gmail.com not later than 30th March 2024
